Only Hogs on Market Were Wagon Deliveries.

WAS STEADY MARKET

Cattle Supply Light and Prices About Steady.

The hog market vesterday was a faildelivered by farmers. The farmers seem their hogs to cut the new corn while they are putting in their wheat and nothing but light receipts are expected for some The wagon deliveries sold about steady but light and medium heavy weight hogs would have sold higher if

Wheat and Corn Lose Part of Late Gain

CABLES DEPRESSED ALSO

Provisions Are Steady on Report of Exports.

Chicago, Aug. 28.-Wheat and com showed weakness today and prices ruled lower. September wheat was a shade lower, while December was down witte; Dried Beef-Insides, 13%; knckles, Provisiodns were steady, closing unchanged to 7%Gricc higher-

> Wheat opened rather strong, influenced the early upward tendency. September opened unchanged to 4c higher, at \$15, SSING to SING. Elevator interests led the buying and secured quite a following, but the strength did not hold, local selling on the advance causing a break in September to Soic, where it railled somewhat, closing at 81%c, a shade under yesterday's final figures. December closed at the bottom price for the day. 82%c. a loss of %20%c. The weakness was due more to the character of the selling than to lack of buying or weather or crop influences. Cables were a depressing influence and receipts showed a fair increase Minneapolis and Duiuth reported receipts of 339 cars, which, with local receipts of 144 cars-16 contractmade a total for the three points of 483 cars, against bil cars last week and \$17 cars a year ago.

There was scattered selling in the corn pit throughout the session, and while Local Grain and Produce Market.

Delow find sales as made vesteriday by sample on the Wichita Hoard of Trade basis, delivered Missouri river. To got price f c. b. your station, deduct Kansas City rate from your station.

THE STEAMSHIP MANITOU

MANITOU STEAMSHIP CO.,

The union of the employers is still stronger and more far-reaching than the union of the workmen. We are now having combination of combinations. 1 United States Steel corporation is a com-18.4 bination of a dozen heretofore competing producers who themselves were combine tions of still other producers, and these in turn often combinations of still others. trace them back to their beginnings is like discovering all the multitude of 11.6 sources that go to make up the volume of the swellen Mississippi. erty which the Amaigamated Copper company now controls was once perhaps a thousand mining claims, each one very likely owned in common by a half-dozen miners. The department stere trust has combined the business of hundreds of merchants, some portions of which they acquired by purchase and others in some other way. It is estimated that the 8.4 tract or by force, the business of 10.000 orporations and merchants in all parts of the union. The few present great rallroad lines of the country have been 5.2 made up by combinations of hundreds of small roads, some extensions of others and some competing lines.

"The ambition of the shipping trust, perhaps the pet project of the great American combines, has been to control all the ships that sail the ocean. hundred yours ago there were hardly two ships owned by the same individual or corporation, and even fifty years ago 8.2 there was scarcely a ship owner is 5.8 dezen ships. No one knows that within the next ten years a greater than J. P. 15.7 Morgan will arise who will combine into one organization all the industries of the lord, so that the workman who works for wages con find but one possible employer, and the purchaser of wares but one possible seller. The steps toward the formation of one trial corporation which shall crowd all other corporations and assume to itself all the industries of the land have already is 2 been more than half taken. It is not we had to reach present industrial con-

ditions. 27.5 "A monopoly is accomme and the United 26.7 that is, for the monopolist. The United 26.7 that is, for the monopolist. The United 26.7 that is, for the monopolist. States Steel corporation can produce, no 19.5 matter what it will them for, it's goods changer than the elements out of which
